THE TOWN OF QUARTZSITE

Quartzsite, Arizona was founded in 1867 and incorporated in 1989. The Town encompasses 132 square miles of area, and has a population of approximately 3,770 residents.

The municipal government of the Town operates under a council-manager form of government. The seven-member elected Town Council provides legislative directives, establishes Town policy and monitors its execution by Town staff.

The Mayor is the head of the Town Council. He presides over the Council meetings so that business can be carried out efficiently and effectively; is responsible for upholding and promoting the purposes of the Town; and participates in and encourages activities that enhance the economic, social and environmental well-being of the Town and its residents.

The Town Manager serves as the Town's chief administrative officer and is responsible for directing the day-to-day administrative operations of the Town.

This form of government allows elected officials to spend more of their time listening to the concerns of constituents, and provides structure to the staff to be able to know that their job duties will be consistent and based on professional standards rather than subject to differing political whims.

This form of government also diffuses political power among all elected officials so that no one individual – Mayor or council member – can dictate policies of the town, hire or fire personnel, or make changes in the governmental structure. While Mayors and individual council members can be visionary leaders who help shape the goals for the town, their strength is exercised through the will of the Town Council's voting majority.

THE BUDGET

The Town's budget consists of four funds: the General Fund, the HURF Fund, the Grants Fund, and the Water and Sewer Fund.

- The **General Fund** is the Town's primary operating fund, and accounts for all financial resources of the general government except those required to be accounted for in another fund. General Fund revenues are derived from state shared revenues, local sales tax revenues, permit fees, fines and miscellaneous charges and donations.
- The **HURF Fund** (Highway User Revenue Fund) accounts for specific revenue received from the State of Arizona Highway User Revenue Fund. These revenues are derived from tax money collected from gasoline and diesel fuel sales, and other transportation related fees. By State statute, the use of HURF revenues is limited to projects within the public right of way. The State requires this fund to be included as a Special Revenue Fund on State reports.
- The **Grants Fund** accounts for specific revenue sources that are restricted to expenditures for specified purposes as defined by the grantor. The State requires this fund to be included as a Special Revenue Fund on State reports.
- The **Water and Sewer Fund** accounts for operations that are financed and operated in a manner similar to private business enterprises, in which the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Unlike some other municipalities in the State, the Town of Quartzsite does not impose property taxes. The Town's revenues rely heavily on state shared revenues and local sales tax revenues. For the General Fund, the Town receives most of its regular income from local sales taxes, which are 2.5% for all Transaction Privilege Tax (TPT) categories. The Town also receives a share of State income tax and State sales tax revenues.

On the expenditure side, each year the State of Arizona imposes an expenditure limitation on all cities and towns. The State has identified those expenditures that are either subject to, or excluded from, the limitation. Each municipality's total expenditure must not exceed this limit. In Fiscal Year 2014-2015, the limitation for the Town of Quartzsite is \$4,900,929 which is above the Town's budgeted expenditures subject to the limitation.

As a final note, the accounting policies of the town of Quartzsite conform to generally accepted accounting principles applicable to governmental units adopted by the Governmental Accounting Standards Board (GASB). The basis of budgeting for all funds is the same as the basis of accounting principles used in the annual audit.

The following provides an overview of the proposed budget for Fiscal Year 2014-2015, and includes revenues by source and expenditures by department.
