Council Member Scott asked that flowers be permitted at the gravesites in the Cemetery Regulations. She noted that on page one of the regulations, it states: 'decorative items that are secured and cannot blow away are allowed'. She does not want to deny people the ability to place flowers at the gravesites.

Town Manager Miller stated he plans to get clarification before the Council is asked to approve the Cemetery Regulations. He stated he does not believe flowers were included in the regulations as something not permissible.

Town Manager Miller stated he will work with staff to reword that regulation to note that flowers are permitted.

Council Member Scott asked if the \$200 head stone deposit is new and if people now have to pay the Town \$200 when they place a headstone.

Dinice Ross of the Cemetery explained that the \$200 deposit is in place so that if the client does not get a headstone, the Town can purchase one. This is necessary to mark the grave.

Mrs. Ross stated that if one can prove a headstone has been ordered, the \$50.00 for setting the headstone in cement is the only money owed. If the person pays the \$200.00 deposit and purchases a head stone, then \$150.00 will be refunded.

The Mayor noted the only change is regarding the flowers being removed from the requirement and directed staff to make the change.

The Mayor explained check #37646, to the Town's tax auditor, was removed from the consent agenda of the last Council Meeting and has since been reviewed and staff is recommending approval.

Town Manager Miller stated the tax auditor's rate is hourly for his services. There is a separate rate for his travel when he comes to the Town to perform audits. Additionally, the tax auditor will appear in court, or provide legal assistance, as

necessary. Currently, he is not itemizing each one of those activities; he is simply providing a fee per tax payer.

The Mayor asked for clarification. He stated that the franchise fee is in lieu of a tax and this change would result in a tax plus a franchise fee. He asked if the rate payers, if the franchise is approved, will pay the franchise fee plus the 2% tax.

Town Manager Miller explained the franchise is going to the voters. A requirement, in order for the franchise question to get on the ballot, is that the Town Council must approve a resolution.

The Mayor stated constituents will ask the Council Members about adding a 2% tax.

Vice Mayor Jewitt stated we are asking the public to make the decision.

She stated the bills are up substantially, \$50 - \$65 a month for some of these people for watering their trees. She stated this does not go in the sewer and yet it is on their bills as sewer usage, over a certain amount.

Council Member Scott advised that something must be done. The problem needs to be looked at because people are not even here and are being charged for swimming pools and having watering systems for their trees even though it is not going to the waste water treatment plant.
